

THE CRESCENT CITY NEWS.

Crescent City

One of the most beautiful locations in Florida. The town is in the southeastern part of Putnam county, 3 miles from Palatka, and is reached by either steamer or railroad. One-half mile from the water is a beautiful lake, a beautiful view of water is miles in length and from three to five miles in width. The place is well laid out in town and grove lots, the former constituting a portion of the town but six blocks in width lying between two lakes—lake Crescent on the east and lake Stella on the west. The level of lake Stella is 45 feet higher than that of lake Crescent thus affording perfect drainage. The water of lake Stella is source in springs and is kept absolutely pure by the town authorities who have made it a misdemeanor to pollute it in any way. The Florida System Railway touches the west bank of lake Stella two miles from the town and a little steamer carries passengers and mail to and from the town and Crescent City Junction, the railway station.

The trip by steamer from Palatka or Jacksonville is one of the most delightful water rides in the whole country, and the passenger who takes this trip to hold out from the start to the end. At about nine miles south of Palatka the steamer leaves the St. Johns and enters a stream lined on either side by a thick growth of cypress, ash and palmetto—a veritable forest of palms. The water is clear and the view is so beautiful that there is never a long reach of water in sight. After nine miles of travel through the stream the steamer comes to the broad and beautiful lake Crescent. A run of an hour and a half lands the passenger at Crescent City, the steamer's southernmost point. The boat leaves Jacksonville at 8 a. m. every Tuesday, Thursday and Saturday. The boat leaves Crescent City on Monday, Wednesday and Friday at 7 a. m., arriving at Palatka at 10 a. m. and at Jacksonville at 12 m. No person ever took the steamer Crescent for Crescent City without experiencing new sensations of pleasure and comfort. The little city makes any man or woman a life long lover of the place.

In the town proper are some of the most beautiful homes to be found in the state and the people are healthy and prosperous. There is a good school, two churches—Episcopal and Presbyterian—and two good hotels, besides pleasant private places where board can be obtained. Hotel and boarding houses are moderate. The people have provided well kept golf links for the entertainment of those who like this amusement. Crescent City has more orange groves than any other town in the country. Orange culture is the leading occupation of the people and the quality of this fruit has long been regarded as superior to that grown in any other section of the state. Almost every citizen of the town has a well-kept grove, many of which occupy the grove lots of the incorporation, while others extend into the country back. The merchants of Crescent City are live men, and they show signs of goods which would do credit to many of the larger cities of the state. Living is cheaper than almost any other town in the state.

Streets are lined with shade trees and the native live oaks, and broad shell walks are laid on the principal streets. Bicycle paths lead in many directions.

Parties in Crescent City desiring to subscribe for this paper or wishing to renew their subscription therefor may leave their names and money with Mr. E. D. Loomis at the postoffice who is our authorized agent.

CRESCENT CITY TEMPERATURE FOR THE WEEK ENDING NOVEMBER 21, 1902.—E. D. WILLIAMS, OBSERVER.

	Max.	Min.	For 24 Hrs.
Nov. 19, 7 a. m. to 6 p. m.	79	70	74 1/2

Nov. 30, 7 a. m. to 6 p. m.	79	70	74 1/2

Personal and Social.

A bird of prey—the turkey. Mrs. C. H. Pipler of Pomona was in town last Friday.

Hon. J. H. Harp is supplying most of the turkeys for this day's local consumption.

W. S. Newbold and Victor Carrié were quite heavy shippers of oranges and tangerines last Monday.

The mail from the north now arrives at 1 o'clock—when the train b on time. That from the south about 5 p. m.

Beginning the first of December the hour for evening service at the Presbyterian church will be 7 instead of 7:30.

Hon. Edwin Gilbert has received a fine horse and a two seated surry which he had shipped down for his winter driving.

Miss Lucy Gautier arrived on the steamer Saturday night last from Jacksonville. She comes to act as nurse for Mrs. M. H. White.

A. B. Prevatt of Seville was in town last Saturday with a lot of new Irish potatoes. Mr. Prevatt usually has things in advance of other farmers.

Mrs. R. F. Adams of Palatka is visiting at the home of her father, Hon. J. H. Harp. Mr. Adams also came up on Sunday, returning home the following day.

Maul & Miller have sold two more of their improved fruit sizes to parties in Cape Colony. South Africa, and the sizes were shipped to that far off place last week.

The ladies of the V. I. A. are serving Thanksgiving dinner at the hall today. Assurances had been given of a large attendance, and an extra good dinner is being provided.

Mrs. H. W. Bailey of Plainfield, N. J. arrived last Friday and will spend the winter as the guest of Mr. and Mrs. W. B. Shotwell. Mrs. Bailey is an aunt of Mr. Shotwell's.

Dr. C. M. Sandusky spends Thursdays, Fridays and Saturdays in his Crescent City office. The doctor has been kept busy since he began practice here last summer—his practice taking him all over the peninsula.

Arthur F. Lane shipped 22 boxes of grape fruit and some tangerines last week. Mr. Lane says he has about 60 more boxes of grape fruit for later shipments, as well as a large quantity of tangerines and oranges.

John D. Braidwood of Chicago spent Sunday at Grove Hall. Mr. Braidwood owns a tract of land at Florahome the colony of northern people established some three years ago in the western part of the county.

The machinery was started up for the first time in the C. H. Preston cypress tank factory last Friday. The start was made simply to see that everything was in running order. Mr. Preston is well pleased with the result and says that everything starts off in perfect shape. Work on tank building will start up this week.

Mr. and Mrs. S. M. LaBree visited Jacksonville last week.

It is understood that Miss Elizabeth Close will form a class in piano instruction.

Miss Mulholland of Palatka was here last Friday and Saturday, the guest of Miss Elizabeth Close.

Rev. Dr. Reeves will preach a Thanksgiving sermon at the Presbyterian church tonight at 7 o'clock. There should be a large congregation, for there will be an interesting discourse.

A dozen boxes of kumquats were shipped from Mr. Gilbert's little kumquat grove last Monday. This grove is on the lake front just north of the North park, and is a very pretty sight with the trees laden with fruit. There are probably 50 or 60 more boxes in the grove.

The boys composing the junior base ball club of last season are getting together again for practice, preparatory to going out in the county and securing a few scalps. The boys are putting the grounds in shape for practice work—taking out the weeds and sandspurs.

Besides the community Thanksgiving dinner at the V. I. A. hall, there are numerous private "spreads" on today that would tempt a Dives lured to sumptuous fare by 365 days practice each year. And best of all, there are none of the ribs of Lazarus in our town.

The ladies having charge of the excursion for the benefit of the public school desire that the News should tender in their behalf thanks to Capt. J. W. Miller for his generous donation of the steamer Crescent. The excursion was given on the night of November 18th, and netted \$13, for the fund.

The town council has performed commendable work in having pin-straw spread upon the principal streets, and in cleaning many of the sidewalks of sandspur grass, but the work might profitably be carried to other streets. In other words, there are other tax payers in town entitled to a little consideration.

Mr. and Mrs. Frank Buck arrived on Friday direct from Philadelphia and are quartered at Grove Hall. They are both well and seem pleased to get back to Crescent City. Mr. Buck has had the trees cut out on the lake front of his grove and will use the rich land thus cleared for growing celery and other garden truck.

At a recent meeting of the Ladies Aid Society of the Presbyterian church the following officers were unanimously reelected for the ensuing year: President, Mrs. W. J. Norton; vice president, Mrs. E. E. Austin; secretary, Mrs. E. L. Wadman; treasurer, Mrs. S. B. Shaw. The ladies have about \$75 in the treasury with which they will purchase a new carpet for the church.

Mrs. M. H. White is lying seriously ill at her home on Lake street. She was stricken with paralysis on Tuesday of last week, and since that time she has suffered a second stroke. So far the paralysis does not effect speech or consciousness, being confined to the left side and rendering the sufferer unable to walk or use her left arm. She is under the care of Dr. G. F. Sprague and is attended by Miss Lucy Gautier as trained nurse. Everything is being done for her that can be and hopes are entertained that she will recover. The news has caused widespread grief in Crescent City where Mrs. White has lived for the past eleven years and where her kindly, sympathetic nature has made her name dear to all our people. The sympathy of the community is also enlisted in behalf of the family to whom these are anxious days.

Death of J. R. Preston. News was received on Monday by C. H. Preston and his sister, Mrs. S. M. LaBree, of the death of their father at an early hour that morning at his home in Kewanee, Ga. The members of the family here knew of his illness, but were not aware of its serious nature, and the sad news comes unexpectedly. Only two weeks ago it was known that he was ailing and in the correspondence that ensued with members of the family here Mr. Preston stated that he would come to Crescent City on a visit. Mrs. LaBree wrote offering to go after him, but this assistance he declined with the assurance that he was able to come alone. It seems that he has since been getting gradually worse, and Mrs. LaBree was preparing to go to him when the news came announcing his death.

Jarius R. Preston came to Crescent City with his family from Richmond, Ind., in 1885. He purchased two grove lots of five acres each on Oakwood avenue and soon after built a beautiful home. He was active in the work of the Presbyterian church, and superintendent of the Sunday school. He displayed the same lively interest in all things calculated to benefit and build up his adopted town. His was a kindly, genial disposition, that drew men to him. His energy was remarkable and he showed such capacity for leadership that he very soon took his natural place as a leader in town affairs. He had differences with men and factions resulted, but there was always admiration for the man. These differences led even to his withdrawal from the

church, by letter, but he has always been a Christian of the broad stripe, the kind that believes and holds to the fatherhood of God, the divine sonship of the Christ, and the universal brotherhood of man. Mr. Preston was a student whose particular bent lay in the direction of economic questions. His mind was always actively engaged on those problems of government which tend to the uplifting of the masses and his sympathies were always enlisted for the downtrodden. Mr. Preston was in his 75th year, but his heart was young, and he never appeared to his friends as an old man.

Soon after the freeze of '95 he took an interest in a Georgia peach growing colony in Laurens Co., where he has since lived and where death found him still actively engaged in business.

At this writing, Tuesday morning, it is the plan to bring his remains here for interment in the family lot in Palmetto cemetery, alongside of his wife and children.

It was expected that the interment would occur on Wednesday.

COMO.

Wednesday of last week, early in the morning, the gentlemen of Como with their nudes, horses, rakes, pitchforks and all other paraphernalia started in under the supervision of Messrs. Ernest Barber and P. A. Hart to lay the pin straw along all the sidewalks of the village. A great quantity had been gathered up by Mr. Barber previously, with the assistance of old Joe and the horse rake belonging to the V. I. A. and before 7:30 a. m. the loads began to make their appearance along the streets and were speedily distributed along the walks where the straw was spread by men with forks and rakes. All day the teams were going and by the evening of the first day the bulk of the work was done, and everybody congratulated themselves that more work had been accomplished the first day than had been done before in the same time. Thursday morning all came out again with an additional appearance to assist them in the good work—a good appetite. By nine o'clock the ladies of the V. I. A. began to make their appearance on the streets. The drivers of the teams on returning empty for loads began to be halted at various goods to take up baskets loaded with good things to be taken to the V. I. A. hall where dinner was to be provided for the workers. As the morning wore on constant accessions were made to the numbers of the ladies, and amid a merry clatter of dishes and tongues the long tables soon groined beneath the weight of the good things, and when the gentlemen were called in promptly at 12 noon every man who had left his appetite at home began to metaphorically kick himself. Baked beans, potato salad, baked and boiled meats, pickles, mustard, apple, mince and other pies, horse radish, coffee in abundance, and things too numerous to mention, with cakes of all kinds, speedily disappeared and were seen no more, and there were left but few fragments. As the result the sidewalks are in splendid condition, greater in length than has been laid for a number of years, the work done more thoroughly than ever before and ladies and gentlemen all had the time of their lives. "No complaint—everybody satisfied."

Mrs. E. F. Sullivan, Mrs. T. A. and Master John Hart went to Palatka on Friday of last week, returning Saturday night.

The Epworth League was led Sunday evening by Miss L. Haight; subject—Thanksgiving.

At this writing the latest news from Rev. J. K. Ford, the pastor of the M. E. church here, is that the operation which he underwent at Christ's hospital at Cincinnati, on Tuesday of last week, was successful and the patient was resting comfortably.

Oranges are beginning to go to market from this section.

BEAUTIFUL CLEAR SKIES. Herbie exerts a direct influence on the bowels, liver and kidneys, purifying and strengthening these organs, and maintaining them in a normal condition of health; thus removing a common cause of yellow, mothy, grey skin, and more or less of pimples, blotches and blackheads, 50c at Ackerman & Stewart's, Palatka, and Lounds' drug store, Crescent City.

WELAKA.

New Gun Club Organized. Through the efforts of Dr. C. M. Sandusky Welaka has organized a Gun Club which will certainly afford entertainment to the gentlemen of this section during the coming winter and until such time as the sports palls. The club already numbers among its membership such prominent citizens of the peninsula as H. A. Hodges of Satsuma Heights, W. S. Middleton of Pomona, S. A. Baker, of Sisco, John Fink, Clarence Greenwald, C. F. Waldron, Dr. C. M. Sandusky, L. J. McLeod, J. H. Higginbotham, Kirk Morris, H. E. Wald, J. J. McTavish, Jr., Emory Green, C. S. Packard, and several others whose names we have not learned. The club will have three new up-to-date traps fitted with electric pulls, a new club house with ample porticos and benches for on-lookers and those not shooting, shell walks about the club house and

grounds, and as soon as the sport is fairly under way it is confidently expected that there will be many additions to the membership. It is on the calendar to have one or two tournaments during the year in which members of other gun clubs will participate, when prizes will be shot for. Visiting clubs will be entertained and a regular shoot will take place on a stated day each week.

WORM DISTROYER.

White's Cream Vermifuge, not only kills worms, but removes the mucus and slime, in which they build their nests; it breaks and quickly a healthy condition of the body, where worms cannot exist. 25c at Ackerman & Stewart, Palatka, and Lounds' Crescent City.

A Woman's Views on Kissing. Edith Sessions Tupper, in the Chicago Chronicle, gives a woman's views on kissing. She says:

"I notice that certain scientists say that the kiss must go; that the tender caress soothes with germs and bristling with microbes; that it is constantly getting in its deadly work; that for slaying its thousands it is only equalled by the jawbone of an ass in a man's day and by Christian science up to date.

So the kiss must go? Humph! I fancy women will have something to say about that. The bulk of this world's kissing is done by women. They kiss earlier and oftener and deal in a more varied line of kisses than do the men.

Men as a rule, kiss only women and children. Men do not kiss each other. Men do not kiss their deadly enemies.

Men do not kiss horses. Women kiss any old thing that happens along—distant relatives, cats, each other, babies.

Woman has kissed since the world was fashioned. Do you imagine for one instant that germs and microbes are going to frighten her from exercising one of her indelible rights?

CAUTION!

This is not a gentle word—but when you think how noble you are not to purchase for 75c the only remedy universally known and a remedy that has had the largest sale of any medicine in the world since 1808 for the cure and treatment of consumption and throat and lung troubles without losing its great popularity all these years, you will be thankful that we called your attention to Bessie's German Syrup. There are so many ordinary cough remedies made by druggists and others that are cheap and good for light colds, croup, but for severe coughs, bronchitis, croup and especially for consumption, where there is difficult expectoration, wheezing, there is nothing like German Syrup. Sold by all druggists in the civilized world. You can get this reliable remedy at Lounds' drug store, Crescent City. G. G. GREEN, Woodbury, N. J.

New Society Wrinkle.

The Boston Transcript says the following bona fide announcement was recently received by a number of society people:

Mrs. Glorand Sonstey announces the divorce of her daughter Georgiana from Ernest J. Bryant, Superior Court of San Francisco, granting her maiden name, January 11, 1902.

A DANGEROUS MONTH.

This is the month of coughs, colds and acute catarrh. Do you catch cold easily? Find yourself hoarse, with a tickling in your throat and an annoying cough at night? Then, you should always have handy, a bottle of Ballard's Horehound Syrup. J. A. Anderson, 354 West 5th St. Salt Lake City, writes: "We use Ballard's Horehound Syrup for coughs and colds. It gives immediate relief. We know it's the best remedy for these troubles. I write this to induce other people to try this pleasant and efficient remedy." 25c, 50c, and \$1.00 at Ackerman & Stewart's, Palatka, and Lounds' drug store, Crescent City.

300 New Picking Boxes lined and handled, at one-half price. Also boxes made up. Hoops and paper.

J. Weatherbee, 4 miles west of Crescent City.

Uncle Sam says it's all right

Uncle Sam, in the person of ten of his government officials, is always in charge of every department of our distillery. During the entire process of distillation, after the whiskey is stored in barrels in our warehouses, during the seven years it remains there, from the very grain we buy to the whiskey you get, Uncle Sam is constantly on the watch. We dare not take a gallon of our own whiskey from our own warehouse unless he says it's all right. And when he does say so, his whiskey goes direct to you, with all its original strength, richness and flavor, carrying a UNITED STATES REGISTERED DISTILLER'S GUARANTEE OF PURE WHISKY, and saving the dealer's enormous profits. That's why HAYNER'S WHISKY is the best for medicinal purposes. That's why it is preferred for other uses. That's why we have over a quarter of a million satisfied customers. That's why YOU should try it. Your money back if you're not satisfied.

Direct from our distillery to YOU Saves Dealers' Profits! Prevents Adulteration!

HAYNER'S WHISKY PURE SEVEN-YEAR-OLD RYE FULL 4 QUARTS \$3.20 EXPRESS PREPAID

We will send you FOUR FULL QUART BOTTLES OF HAYNER'S SEVEN-YEAR-OLD RYE for \$12.00 and we will pay the express charges. Try it and if you don't find it all right and as good as you ever used or can buy from anybody else at any price, send it back at our expense, and your \$12.00 will be returned to you by next mail. Just think that over used. How could it be fairer? If you are not perfectly satisfied, you are not out a cent. Return us as soon as you can a trial order. If you don't want four quart bottles, get a friend to join you. We ship in a plain sealed case, so marks to show what's inside.

Orders for Artz, Cal. Col. Idaho, Mont. Nev. N. Mex. Ore. Utah, Wash. or Wyo. must be on the basis of 4 quarts for \$12.00 by Express Prepaid or 30 quarts for \$120.00 by Freight Prepaid.

Write our nearest office and do it NOW.

THE HAYNER DISTILLING COMPANY ATLANTA, GA. DAYTON, OHIO ST. LOUIS, MO. ST. PAUL, MINN.

Song That Made a Swat.

"Golden Rules," a song in De Wolf Hopper's new opera, "Mr. Pickwick," is said to have more than made a hit—it has made a whole swat, so to speak. Here is a part of the song:

Child at school—copy book—way that he should go. Little fool believes it all—mother told him so. Rolling stones get no moss—never get a bit on 'em. Love your neighbor—tried it once—had to leave the place. Tried to love her—did my best—breach of promise case. Early bird gets the worm—very proper rule. Teach the worm to stay in bed—stupid little fool.

Golden rules—taught at schools—people keep 'em—silly fools. Asses make 'em—wise men break 'em—devil take 'em Golden rules. Wine is in—wit is out—that's what wit is for. Chap who lets his wits stay in—apt to be a bore.

Foolish rule—the one about chap who grows a horrow. Take my word, the chap who lends—chap who does the sorrowing. Uneasy head that wears a crown—nonsense—fall to see. If it hadn't got a crown—what good the head would be? Home is where the heart is—bosh—heart is apt to roam. Half the hearts I know are in some other fellow's home.

Golden rules—taught at schools—people keep 'em—silly fools. Asses make 'em—wise men break 'em—devil take 'em Golden rule.

BEST LINIMENT ON EARTH.

I. M. McHany, Greenville, Tex., writes, Nov. 23, 1900: "I had rheumatism last winter, was down in bed six weeks; tried everything, but got no relief, till a friend gave me a part of a bottle of Ballard's Snow Liniment. I used it, and got two more bottles. It cured me and I haven't felt any rheumatism since. I can recommend Snow Liniment to be the best liniment on earth for rheumatism." For rheumatic, sciatic or neuralgic pains, rub in Ballard's Snow Liniment, you will not suffer long, but will be gratified with a speedy and effective cure. 25c, 50c and \$1.00 at Ackerman & Stewart's, Palatka, and Lounds' drug store, Crescent City.

An English Joke.

"I intend to come and see your wife this afternoon. I haven't been able to sooner." "Thank 'ee kindly, Miss. I'll be like a bottle of physic to her!" Punch, London, Eng.

LOVER RESENTED PREACHER'S KISSES.

Rev. Thomas B. Roberts of Syracuse, N. Y., told recently how he was thrashed by William Denison, whom he had had arrested for assault. The trial took place before the justice of the peace in Minna in a crowded court room. June 8, Roberts was at a church picnic and took a stroll through the grove with Denison's sweetheart, a pretty girl of 19. Denison came along, called the minister several names. The following Sunday, after Roberts had finished preaching, Denison gave him a thrashing.

At the trial Rev. Mr. Roberts said he had his arm around the girl and kissed her, and this had made Denison angry.

Rev. Mr. Roberts is 25 years old.

SUGAR

Any purchaser of \$2.00 worth of any kind of goods in our store can then have 13 lb. Granulated Sugar for 50 cents.

This offer good from Friday, Nov. 28th, to Dec. 4th, both inclusive.
